

## Customer Success Story

# America's First Craft Brewery Relies On **Dynamics Gp & Horizons** Manufacturing To Brew Up Their Delicious Beverages

## About the Client

Client is America's first craft brewery that has been a pillar of the community and a staple of San Francisco heritage since 1896. The brand offers a wide selection of delicious beers, and it is the last remaining brewery to produce California's common beer (also referred to as Steam beer).

## Solution

- Implemented Dynamics GP for streamlining the client's core financials.
- Along with the Dynamics GP platform, also implemented Horizons Manufacturing to ensure full process manufacturing and quality control.

## Benefits

- ✓ Client achieved financial clarity and increased operational efficiency
- ✓ Increased productivity because of low support requirements and easy user adoption.
- ✓ Greater insight into manufacturing and inventory processes
